Alderman Mike Krekeler spoke in opposition of this rezoning application, stating that he was not in favor of the 11-home development with approximately ¼ acres lots. He further stated it should be 1 acre lots each or remain undeveloped.

Mr. Sharpe with Lombardo Homes stated the goal is to get enough fill from the site itself, however if more fill dirt is needed then it would have to be brought in by trucks. Regular Meeting Agenda Item Comments

Michael Padella, City Administrator, reviewed the agenda items with the Commission at this time. Items discussed included considerations such as DCM Land LLC's CUP for Villages G & I. It was noted they have received approvals from the Board of Aldermen for their revisions to the PUD Area and Final plan for Villages G & I. Village G has no notable changes from what was previously approved by the City and Village I reduced the unit count and density from 175 apartments units down to 84 townhomes. Some discussion was held regarding the expiration dates and timelines of the PUD/CUPs. Drew Weber, City Attorney stated the new expiration dates are outlined in the PUD agreement recently approved by the Board of Aldermen and the CUP is more of ministerial action at this point since the Amended PUD Area and Final Plans have been approved. Also, some discussion was held regarding a possible traffic signal on Highway N.

The Commission also reviewed the application for 11 homes on the nearly 24-acre tract north of St. Charles Street and west of Crooked Creek. It was noted that the lot size range is 12,905 s.f. to 42106 s.f. and the average lot size is 19,280 square feet with various lots sizes within the range of ¼, ½ and 1 acre. It was noted that a letter of map revision from FEMA is required and due to the significant common grounds area, the overall density is about 2 acres per home. The Commission stated they felt this is less of an impact than lighted soccer fields. It was noted soccer fields are permitted but adding lights would prompted a CUP application. In addition, it was also noted that public notices and signs regarding the same have been posted and provided.

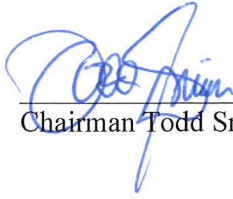

Adjournment

Jim Hennessey moved to adjourn the work session meeting. Mayor Bob Ronkoski seconded the motion. Motion was carried by affirmative votes of five (5) members. There were no nay votes and no abstentions. 7:01 p.m.
